GODAVARI COLLEGE OF ENGINEERING
JALGAON

Report

on

Program on “ e-Waste Management” on 19 August 2020.

Godavari foundation’s Godavari College of Engineering, jalgaon, Department of computer Engineering Conducted a program on “E-Waste Management” at Computer Department at 10:30 AM. The aim of the program to spread awareness about e-Waste.

The following topics were presented :

- Introduction to e-waste
- Composition of e-waste
- Environmental, safety & Health Hazards of e-waste
- E-waste management rules
- E-waste collection, dismantling and recycling

The program was attended by total 52 students

The program was conducted by Prof. Bhavana Zambare, Assistant Professor in Computer engineering Department

What is Waste?

An unwanted and unusable materials, Waste is any substance which is discarded after primary use, or is worthless

Major types of waste generated

1. Food Waste;
2. Plastic;
3. Paper;
4. Aluminum foils;
5. **Electronic Devices(e-Waste);**

e-Waste Introduction

Like hazardous waste, the problem of e-waste has become an immediate and long term concern as its unregulated accumulation and recycling can lead to major environmental problems endangering human health. The information technology has revolutionized the way we live,work and communicate bringing countless benefits and wealth to all its users. The creation of innovative and new technologies and the globalization of the economy have made a whole range of products available and affordable to the people changing their lifestyles significantly. New electronic products have become an integral part of our daily lives providing us with more comfort, security, easy and faster acquisition and exchange of information. But on the other hand, it has also led to unrestrained resource consumption and an alarming waste generation. Both developed countries and developing countries like India face the problem of e-waste management

Composition of E-waste

E-waste consists of all waste from electronic and electrical appliances which have reached their end- of- life period or are no longer fit for their original intended use and are destined for recovery, recycling or disposal. It includes computer and its accessoriesmonitors, printers, keyboards, central processing units; typewriters, mobile phones and chargers, remotes, compact discs, headphones, batteries, LCD/Plasma TVs, air conditioners, refrigerators and other household appliances.

The composition of e-waste is diverse and falls under 'hazardous' and 'non-hazardous' categories

Students Attendance

Total 52 students attended the program

Activity Report

Online Education Tools an Awareness

12.00 Noon 05 Jan 2021
Venue: Online Google Meet
Speaker: Prof Vijay V Chaudhary

Education is a continuous process of learning something for benefit of self and society. The education system consists of Teachers and students under roof of an educational institutes. Worldwide major mode of education is classroom teaching. As this was going on for the centuries nobody had thought of any sudden change in the education system.

COVID -19 has challenged the world many ways. Everyone and every system got affected by COVID-19 pandemic. But as all know mankind has the ability to face challenges and modify self and system around it through its intelligence.

Focusing on education system; the world has faced the biggest fundamental challenge of continuous education system. Everyone was thinking in many ways to keep learning and keep educating. In this hard time 2nd best preferred mode for continuing education is through online teaching and learning.

This century has witnessing how mankind is using its intelligence to fightback and keep the education process un interrupted.

On the same path GFs Godavari college of Engineering Jalgaon (MH) has taken imitative to sensitise and make education institutes (mainly Schools) aware about online teaching techniques.

The program is organised by GFs Godavari College of Engineering with Godavari English Medium Schools to Make Teachers of school aware about online teaching methods.

In this program Teachers from Godavari English Medium School were present in good numbers.

The program is organised by Electrical Engineering Department Godavari College of Engineering Jalgaon; from the department Prof. Mahesh H Patil has coordinated the program.

Speaker for the program was Prof. Vijay V Chaudhari from Electrical engineering department. Sir has very good experience in handling various online platforms/software apps.

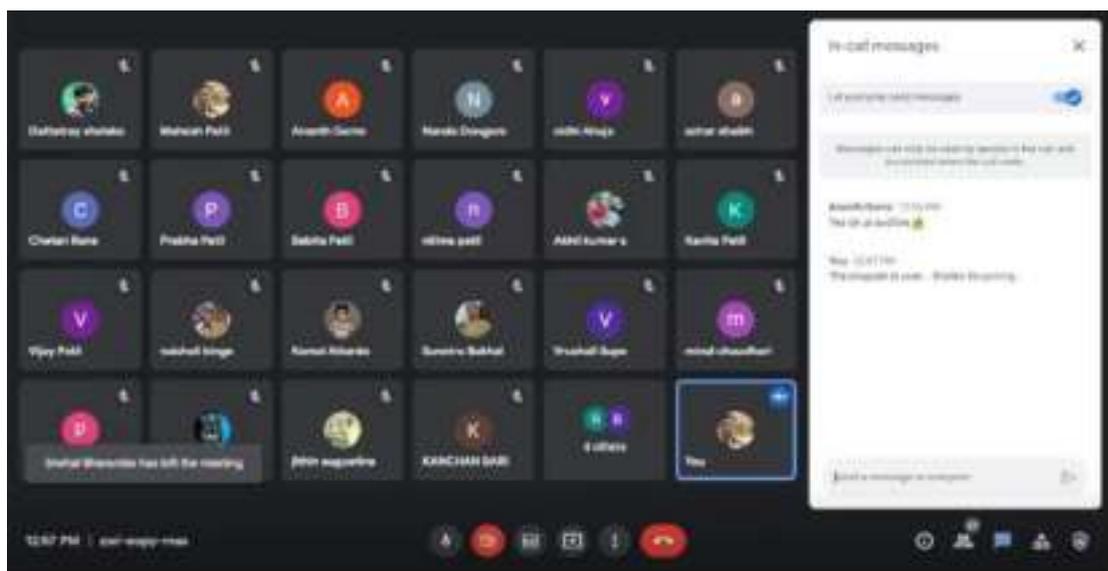

In this program prof. Vijay Chaudhary gave information about types of online platform applications which can be used for Teaching learning process. In his talk he focused on free of cost platforms. Their advantages and disadvantages. Procedures to use. His main focus was on Google Meet, along with his he also explained in short about Zoom and Microsoft Teams application for teaching students. The teachers also looked satisfied by knowing about these platforms and their advantages.

This program was very successful and audience ware able to learn new this for their teaching work. The way for continuous education as made little easier by these software application in the hard times of COVID-19.

More than 25 Participants for the program from Teaching field were present. Also, Teachers and 04 Nos. of students from Godavari college of engineering had voluntarily worked for the program

For the program Dr. Vijaykumar Patil, Principal of Godavari College of Engineering has given best wishes, also Prof. Nilima Chaudhari, Principal, Godavari English Medium CBSE school give due support.

Outcome:

Teachers in neighbourhood got information about how to teach student in pandemic situation with all safety measures.

Students got sensitised by working in such program about their duties towards society.

Tree Plantation

2018

Green Campus through Staff and Students Participation

Objective: To maintain the pristine purity and beauty of the college to provide a congenial atmosphere for the academic and non-academic pursuits

The Context. Nurturing Plants is one of the non-academic pursuits that develop eco-concern among the students

The Practice: The college has always tried to make a green campus and constant steps are taken towards it. From the various event and programs like Van Mohastav College is trying to create environment consciousness among the staff and students. Inadequate environmental standards and lack of implementation of environmental laws create a challenging problem in creating awareness about environmental hazards. By developing informed citizenry expertise with hands on interactive approach with environmental, social and economic concern; the physical viability of the campus is being maintained as a balanced environment. This pedagogically expanded innovative art program would be unparalleled in its effectiveness and appeal when it is being operated in the campus located at additional MIDC Jalgaon.

Evidence of Success: College campus atmosphere becomes natural, pure and beautiful. Planted trees, ornamental plants, shrub, bush plants help maintain ecological balance by inviting birds and butterflies. Indirectly reduces pollution by increasing oxygen in environment.

Problems encountered and resources required:

Before plantation landscape selection and sunlight requirement for different trees and plant is challenging to maintain vigorous growth of plant and tree. Digging tools are required for plantation. Digging the hole sounds easy enough, but incorrect sizing or spacing of planting holes puts your garden's health at risk. A hole that is too deep means your plant crown dips below the soil line, which may hurt growth. A shallow hole doesn't give the roots enough space to grow and may result in exposed roots or a wobbly plant without the support of the soil. Knowing where and how to dig holes for your plants gets your garden off to a strong start. Remove any rocks you dig up in the area. Break up dirt clumps remaining in the hole to avoid air pockets during planting.

Sufficient water and Bio fertilizers are required to better growth of plants and also natural Bio pesticides be used to maintain health of the plants.

गोदावरी अभियांत्रिकी व तंत्रनिकेतनमध्ये जागतिक महिला दिन उत्साहात

जळगाव – गोदावरी फाउंडेशन संचालित गोदावरी अभियांत्रिकी व तंत्रनिकेतन महाविद्यालय जळगाव येथे ८ मार्च २०२३ रोजी जागतिक महिला दिन साजरा करण्यात आला.

या कार्यक्रमाप्रसंगी प्रमुख पाहुणे सी. जयश्री पाटील (अधीक्षक, मुलींचे बालगृह/निरीक्षण गृह जळगाव) या उपस्थित होत्या. त्यांच्यासोबत महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, प्रा. दीपक झांबरे (समन्वयक, तंत्रनिकेतन), प्रा. हर्षत इंगळे (अधिष्ठाता) सर्व विभागाप्रमुख प्राध्यापक वर्ग आणि विद्यार्थी अधिक संख्येने उपस्थित होते.

कार्यक्रमाच्या सुरुवातीला प्रथम शिक्षिका क्रांतीन्योती सावित्रीबाई फुले यांच्या प्रतिमेस पुष्पहार अर्पण करून अभिवादन करण्यात आले. त्यानंतर आलेल्या मान्यवरांचे पुष्पगुच्छ देऊन स्वागत करण्यात आले. त्यानंतर महाविद्यालयाच्या प्रथम वर्षाच्या दिवा बॉटे व ग्रीष्मा पाटील या विद्यार्थिनींनी मनोगत व्यक्त केले.

महाविद्यालयाचे प्राचार्य डॉक्टर विजयकुमार पाटील यांनी त्यांच्या मार्गदर्शनात पुरुष व स्त्री यांच्या समानतेवर भाष्य केले. आजच्या घडीला स्त्री ही पुरुषाच्या सोबत सर्व प्रकारच्या क्षेत्रांमध्ये कार्य करीत आहे. त्या स्त्रीचा यथोचित सन्मान आपण नक्कीच करायला हवा. स्त्रियांचा प्रत्येक क्षेत्रातील वाटा हा अनुलनीय आहे.

प्रमुख वक्तूचा जयश्री पाटील अधीक्षक या पदावर कार्यरत आहे. त्यांनी त्यांच्या मार्गदर्शनात महिला सबलीकरण या विषयावर त्यांचे

मत व्यक्त केले. स्त्री मध्ये सहनशीलता, बचत वृत्ती, स्मरणशक्ती हे गुण सर्वात अधिक असतात, कारण निसर्गाने निर्मितीचा अधिकार स्त्रियांना दिला आहे. जरी संविधानाने स्त्री व पुरुषांना समान अधिकार दिले असले तरी भारताच्या पुरुषप्रधान संस्कृतीमुळे स्त्री आज समाज व कुटुंबांचे बंधनात अडकून पडली आहे.

महिला सबलीकरण फक्त कार्यक्रम पुरता मर्यादित न राहता वास्तविक महिलांना त्यांच्या क्षमतांची जाणीव करून वैयक्तिक स्वातंत्र्य व निर्णय घेण्याचा अधिकार मिळणे होय. त्याचप्रमाणे महाविद्यालयांमध्ये महिला दिनानिमित्त लेगिक समानता या विषयावर पोस्टर कॉम्पिटिशनचे आयोजन केले होते, त्यामध्ये महाविद्यालयाच्या विद्यार्थ्यांनी आपला सहभाग नोंदविला. त्याचप्रमाणे विद्यार्थ्यांनी उत्कृष्टपणे पोस्टरचे माद्रीकरण केले.

Godavari College of Engineering, Jalgaon
Basic Sciences and Humanities Department

Institution's Innovation Council

Program on the occasion of "World Environment Day" - 05/06/2023.

Elocution Competition

Objectives							
Benefits in terms of learning/skill/knowledge development	Confidence built up, skill development, stage daring ,knowledge development about Environment						
Program Coordinator (S)	Prof.Lalita Patil
